- 1 Where? You can put the skin patch on your body or close to your body (within a couple of inches). Many people like to put them on the back of their neck near the spine.
- 2 How many? Most people only need one at a time, but everyone's body and pain levels are unique, so experiment!
- 3 How Long do they last? As long as the ink on the skin patch lasts. You can use medical tape or a band-aid to assist if necessary.
- 4 Avoid getting wet.
- 5 The adhesive is similar to band-aids and can be removed with oil or soap if necessary.

Frequently Asked Questions

How do they work?

Experience the Quantum Effect - Your body is made up of energy and reacts to external frequencies. The Quantum Effect combines the Quantum Energy frequencies, positive intentions, and specific spiritual messages with a multi-sensory solution. The multi-sensory solution enhances your benefits by utilizing your Eyes, Ears, and Mouth. We add a prayer guide where you use your Eyes to read the messages, your Ears to hear what you're reading out loud, and your Mouth to speak the words. Those senses in addition to the Touch of the skin patches enhance your symptom relief. The combination is unprecedented and powerful.

Where Do I Put It?

Since the skin patches connect to your body's energy field, they can be placed ON or even CLOSE to your body for them to have a positive effect. Think about electricity traveling in water - it doesn't need to be in a specific place. They can be placed in an inconspicuous place (behind the neck, on your back, behind your elbow, wrist, etc...). Some people prefer them close to the problem area but that is a personal preference.

Will They Relieve My Pain?

We believe they will and have hundreds of testimonies from real people where these have substantially changed their lives, relieved their pain, or reduced their symptoms which help them live a normal and fulfilled life.

What Bible Verses Are Included?

The Bible verses are hand selected for each solution and are encoded into the frequency on the skin patch and are in addition to 40 base bible verses included in each solution. You can read them all here: QEStrong.com/QEVerses

About QE Strong

"I'm going to get HIT!" Rob Screamed as he turned around and realized a 4x4 Truck was sliding right into him as he was out on a training run in the winter. After being thrown 36 feet and landing on his face, he laid on the ice and snow unconscious, bleeding and not breathing... The odds were against him that day, but God had another plan for Rob.

"I knew that since that day, God had a plan for me. After years of struggles, trials and tribulations, God led me to the Quantum Energy solutions." Rob has since (along with his brother Rick) created QE Strong - a Quantum Energy All-Natural Health Solutions company.

Experience the Quantum Effect - a combination of Quantum Energy Frequencies, positive intentions, and specific spiritual messages along with an unprecedented multi-sensory solution combined to bring powerful all-natural solutions to the market.

Rob has since become a Frequency Specialist and Medical freedom researcher and speaks often on the suppression of all-natural solutions by our current medical system and the amazing results QE Strong is helping their customers experience!

Welcome to the Family! We're excited for you to experience the Quantum Effect.
